Competency Management System (CMS)

By : Alaa’ Al-Hattab
Walaa’ hashayki
Main features:

* Smart search
* Creating CV’s
* Quizzes
* Exams from companies
What did we used:

- Firebase
- Firestore
- Node.js
- HTML
- CSS
- JavaScript
Problems:

* Firebase
* Existed websites
* Quizzes
* Search algorithm
Future work

* Improving search algorithm.
* Increasing the number of quizzes.
* Adding more CV’s formats.
* Expanding target group.
Thank You
