

Abstract

The general idea of the project is (The philosophy of survival)

My project is a cultural café in Haifa - Tourist Valley. in Wadi Al-Suyyah neighborhood is a Palestinian neighborhood consisting of 9 families "currently" subjected to a policy of slow displacement for a long time through general neglect with the aim of turning the valley into a nature reserve belonging to the occupation entity.

The project aims to create a diverse cultural space that targets the youth category to spread cultural awareness, specifically the culture of the people of the valley, to prove their right to their land and preserve it
