Cart Page

WEB PAGE

The screenshot shows a checkout page with a navigation bar at the top containing 'ALL', 'Today's Deals', 'Gift Cards', and 'Registry & Gifting'. On the right side of the navigation bar are icons for user profile, notifications, a heart icon with a '2' badge, and a shopping cart icon. Below the navigation bar is a 'Back to Cart' link with a left-pointing arrow. The main heading is 'Checkout'. The page is divided into two main sections: 'Personal Details' and 'Payment Details' on the left, and 'Summary Order' on the right. The 'Personal Details' section includes a sub-heading 'The Following Personal Information will be used for this Order.' and three input fields: 'Full Name' (containing 'John Doe'), 'Email address' (containing 'example@domain.com'), and 'Phone Number' (containing '059#####'). The 'Payment Details' section includes a sub-heading 'Complete your purchase by providing your payment details.' and a 'Select Payment Method' section with two radio buttons: 'Credit Card' (selected) and 'On Delivery'. Below this is a 'Card Details' section with an input field for 'Cardholder Name'. The 'Summary Order' section includes a sub-heading 'Check your items and confirm to place your order.' and a 'SEE LESS' button. It features a product image of a blue backpack, the text 'T-Shirt ZARA', and two tags: 'Color: Black' and 'Storage: 128GB'. Below the product information is a table with two rows: 'Sub Total' with a value of 'B483.96' and 'Total:' with a value of 'B483.96'. At the bottom of the summary order section is a checkbox labeled 'I have read and agree to the Terms and Conditions' and a large black 'Place Order' button.

The screenshot shows a web interface for managing orders. At the top, there are navigation links: ALL, Today's Deals, Gift Cards, and Registry & Gifting. Below this is a blue header with the title 'Orders' and a sub-header 'Manage Your orders efficiently'. The main content area features four summary cards: 'Total Orders' (3), 'Completed Orders' (0), 'Pending Orders' (3), and 'Cancelled Orders' (0). Below these cards is an 'Order List' table with a search bar and a table of three orders. Each order row includes columns for Order ID, Customer Name, Email, Phone Number, Total Amount, Status, Order Items, and Actions (DETAILS, COMPLETE). The table also includes a pagination control at the bottom right showing 'Items per page: 10' and '1-3 of 3'.

Order ID	Customer Name	Email	Phone Number	Total Amount	Status	Order Items	Actions
1	Majd 12345	Majd12345@gmail.com	123456789	\$193.58	PENDING	T-Shirt ZARA - 2 pcs	DETAILS COMPLETE
2	Majd 12345	Majd12345@gmail.com	123456789	\$90.00	PENDING	Product 1 - 1 pcs	DETAILS COMPLETE

WEB PAGE

The screenshot displays a web user interface for product management. At the top, there are four summary cards: Product Stock (106), Sales Value (0.00), Customer Satisfaction (0.0 (0 Reviews)), and Total Sold Product (0). Below these cards are tabs for 'ALL', 'PUBLISHED', and 'DRAFT'. A search bar labeled 'Filter' is present, along with an 'ADD PRODUCT' button. The main content is a table with the following columns: Product Name, Sell Price, Cost Price, Stock, Total Sold, Rating, and Actions. Two products are listed: 'adidas shoes' (SKU: ADI-SHO-5f6fd60b) with a sell price of 200.00 and stock of 67, and 'Adidas bag' (SKU: ADI-BAG-7420abf4) with a sell price of 72.00 (discounted from 90.00) and stock of 39. The interface also includes a pagination control showing 'Items per page: 10' and '1-2 of 2'.

WEB PAGE

The screenshot displays a web interface for Vendor Order Management. At the top, there is a header with 'Store Name' on the left and a notification bell icon with a red '3' on the right. Below the header, a dashboard shows three summary cards: 'Total Orders' with a value of 3, 'Fulfilled Orders' with a value of 0, and 'Pending Orders' with a value of 3. Below these cards are two filter buttons: 'Payment Status' (a dropdown menu) and 'Shipping Method'. The main section is titled 'Order List' and includes a 'CREATE ORDER' button and an 'EXPORT' button. The order list is a table with the following data:

Order	Date	Customer	Total	Payment Status	Shipping Method
1	2024-12-31T20:53:31.34615	Majd 12345	\$193.58	PENDING	PICK_UP
2	2025-01-07T22:24:58.486341	Majd 12345	\$90.00	PENDING	PICK_UP
3	2025-01-07T23:03:23.642434	Majd 12345	\$90.00	PENDING	PICK_UP

At the bottom of the table, there is a pagination control showing 'Items per page: 10' (with a dropdown arrow) and '1-3 of 3' with navigation arrows. A 'LOGOUT' button is located in the bottom left corner of the interface.

A screenshot of a mobile application interface titled "Add Address". The form contains several input fields: "Address Name", "State", "City", "Address", and "Postal Code". Below the form, there are two buttons: a black button with the "G Pay" logo and a red button labeled "Pay on delivery". The top of the screen shows a back arrow, the title "Add Address", and a globe icon. The status bar at the top indicates the time is 6:06.

A screenshot of the Google Pay payment screen. At the top, there is a close button (X), the "G Pay" logo, and a profile icon (S). Below this, a Visa card is displayed with the text "VISA Visa ••1229" and a right arrow. There is a checkbox for "Get Google Pay emails with helpful product tips and current promotions. Unsubscribe anytime at wallet.google.com." Below the checkbox, a note states: "Your payment method won't be charged because you're in a test environment". The payment amount is shown as "Pay Quick mart" for "₹200.00". A blue "Continue" button is at the bottom, with a small lock icon and the text "Your payment details are encrypted" below it. The top of the screen shows a back arrow, the title "Add Address", and a globe icon. The status bar at the top indicates the time is 6:07.
