# ROAD MAP

# INTRODUCTION

**People generally face a problem when booking hair and skin care appointments, and barbers face a problem when scheduling clients' appointments. Therefore, we created an application to create a simple and easy-to-use platform for booking and managing hair and skin care appointments, as well as for displaying some shaving products.**

# FUTURE WORK

## **Analytics Dashboard for Barbers and Admins**

**Introduce  
detailed analytics  
such as revenue  
trends, customer  
engagement  
metrics, and  
performance  
reports.**

## **AI Recommendation System**

**Leverage machine  
learning to  
suggest barbers  
or packages based  
on user behavior,  
location, and  
ratings.**

## **Subscription- Based Premium Features**

**Offer premium  
features for  
barbers, such as  
priority ad  
placement, access  
to extended  
analytics, and  
profile boosts.**

## **Multi-language Support**

**Add localization  
features to  
support multiple  
languages,  
improving  
accessibility for  
diverse user  
bases.**

## **Video Consultation Feature**

**Allow barbers to  
offer virtual  
consultations  
using embedded  
video calling  
APIs**
