Project title: Booking chalets in Palestine

Academic Year: 2023-2024

Group Members: :1- Amr Salman 11941434

Department Name: Computer Engineering

2- Amer Zagha 11923599

Project Type                      Software

Supervisor Name: Dr. Mona Demaidi

### Format:

- Single space, Times New Roman.
- 12 pt,
- Maximum 1 page.

### Abstract Body:

#### Items must be provided in the Abstract:

- Why do you think this project is important? Please explain the significance of this Project in brief.
- In your point of view what are the important aspects that should be covered in the project?
- Objective(s): In your view, please explain the main objectives of the project.
- Methodology: Give a brief outline of the application development process.
- Had this project been done before? Are there any similar applications available today?
- **Note:** Please deliver this abstract early to ensure that your Project has been approved by the department's projects committee. **Registration will not be done without this approval.**

## Project's Abstract:

With the advancement of technology and its use in solving many problems, we had to use it to find a solution to the problem of renting chalets in Palestine, and from here came the idea of our project.

We will allow chalet owners to display their chalets on the application and publish pictures of the chalet, its location, description, and rental price.

However, before adding the chalet to the application, the approval of the official must be obtained to ensure that the safety conditions and specifications are met.

Tenants search for a chalet in the location they want and the specifications they want.

It shows them the available chalets on the rental date.

You can rent it by paying via bank card, and the application takes a 5% commission.

However, before completing the rental process, the approval of the chalet owner must be obtained, as the application sends a request to the owner for acceptance or rejection.

It will also allow visitors to rate the chalet to help others make a choice.
