

# Purple

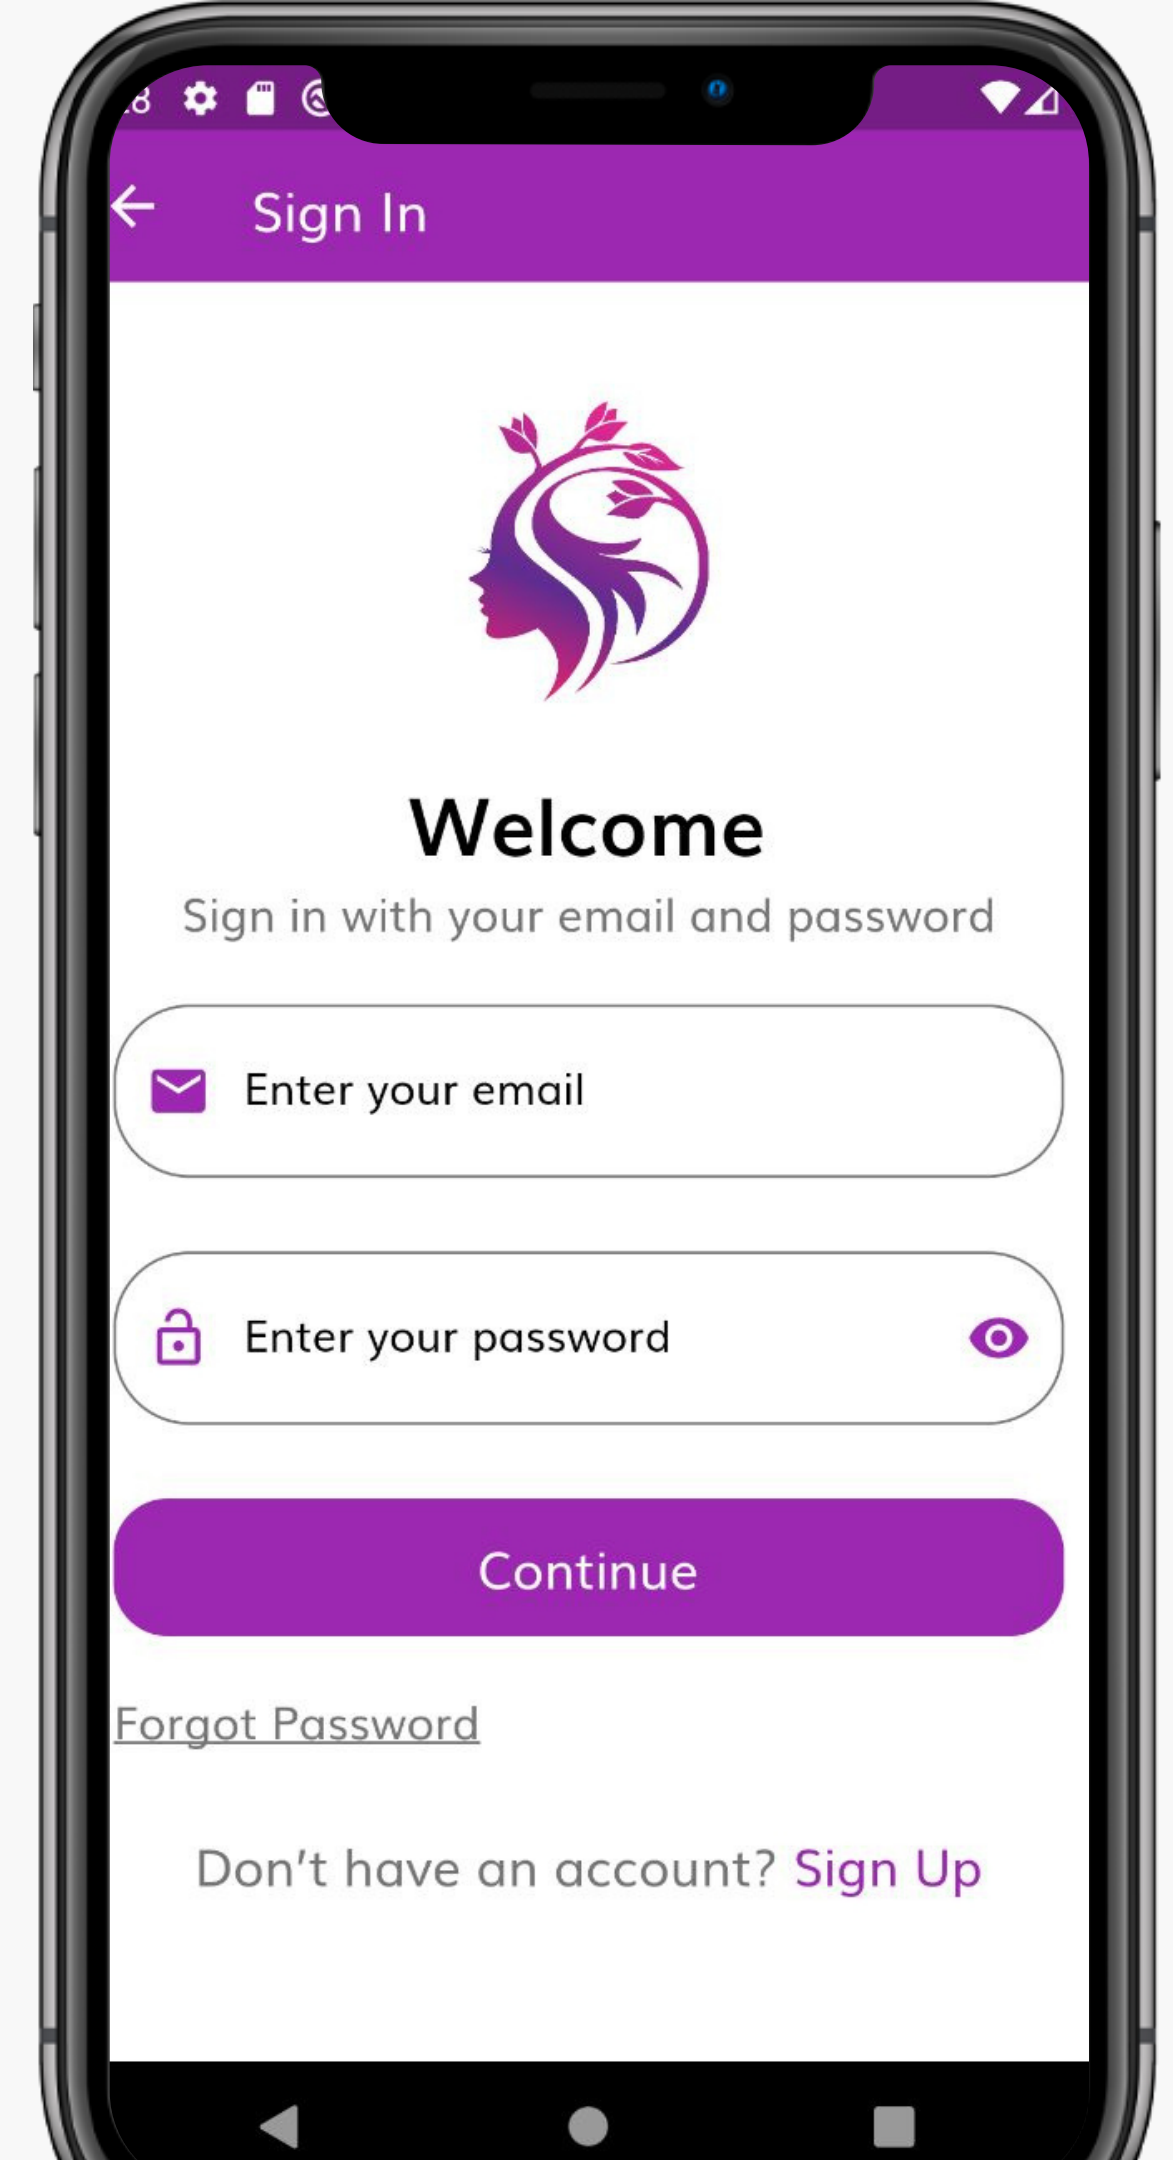

Salon Booking App

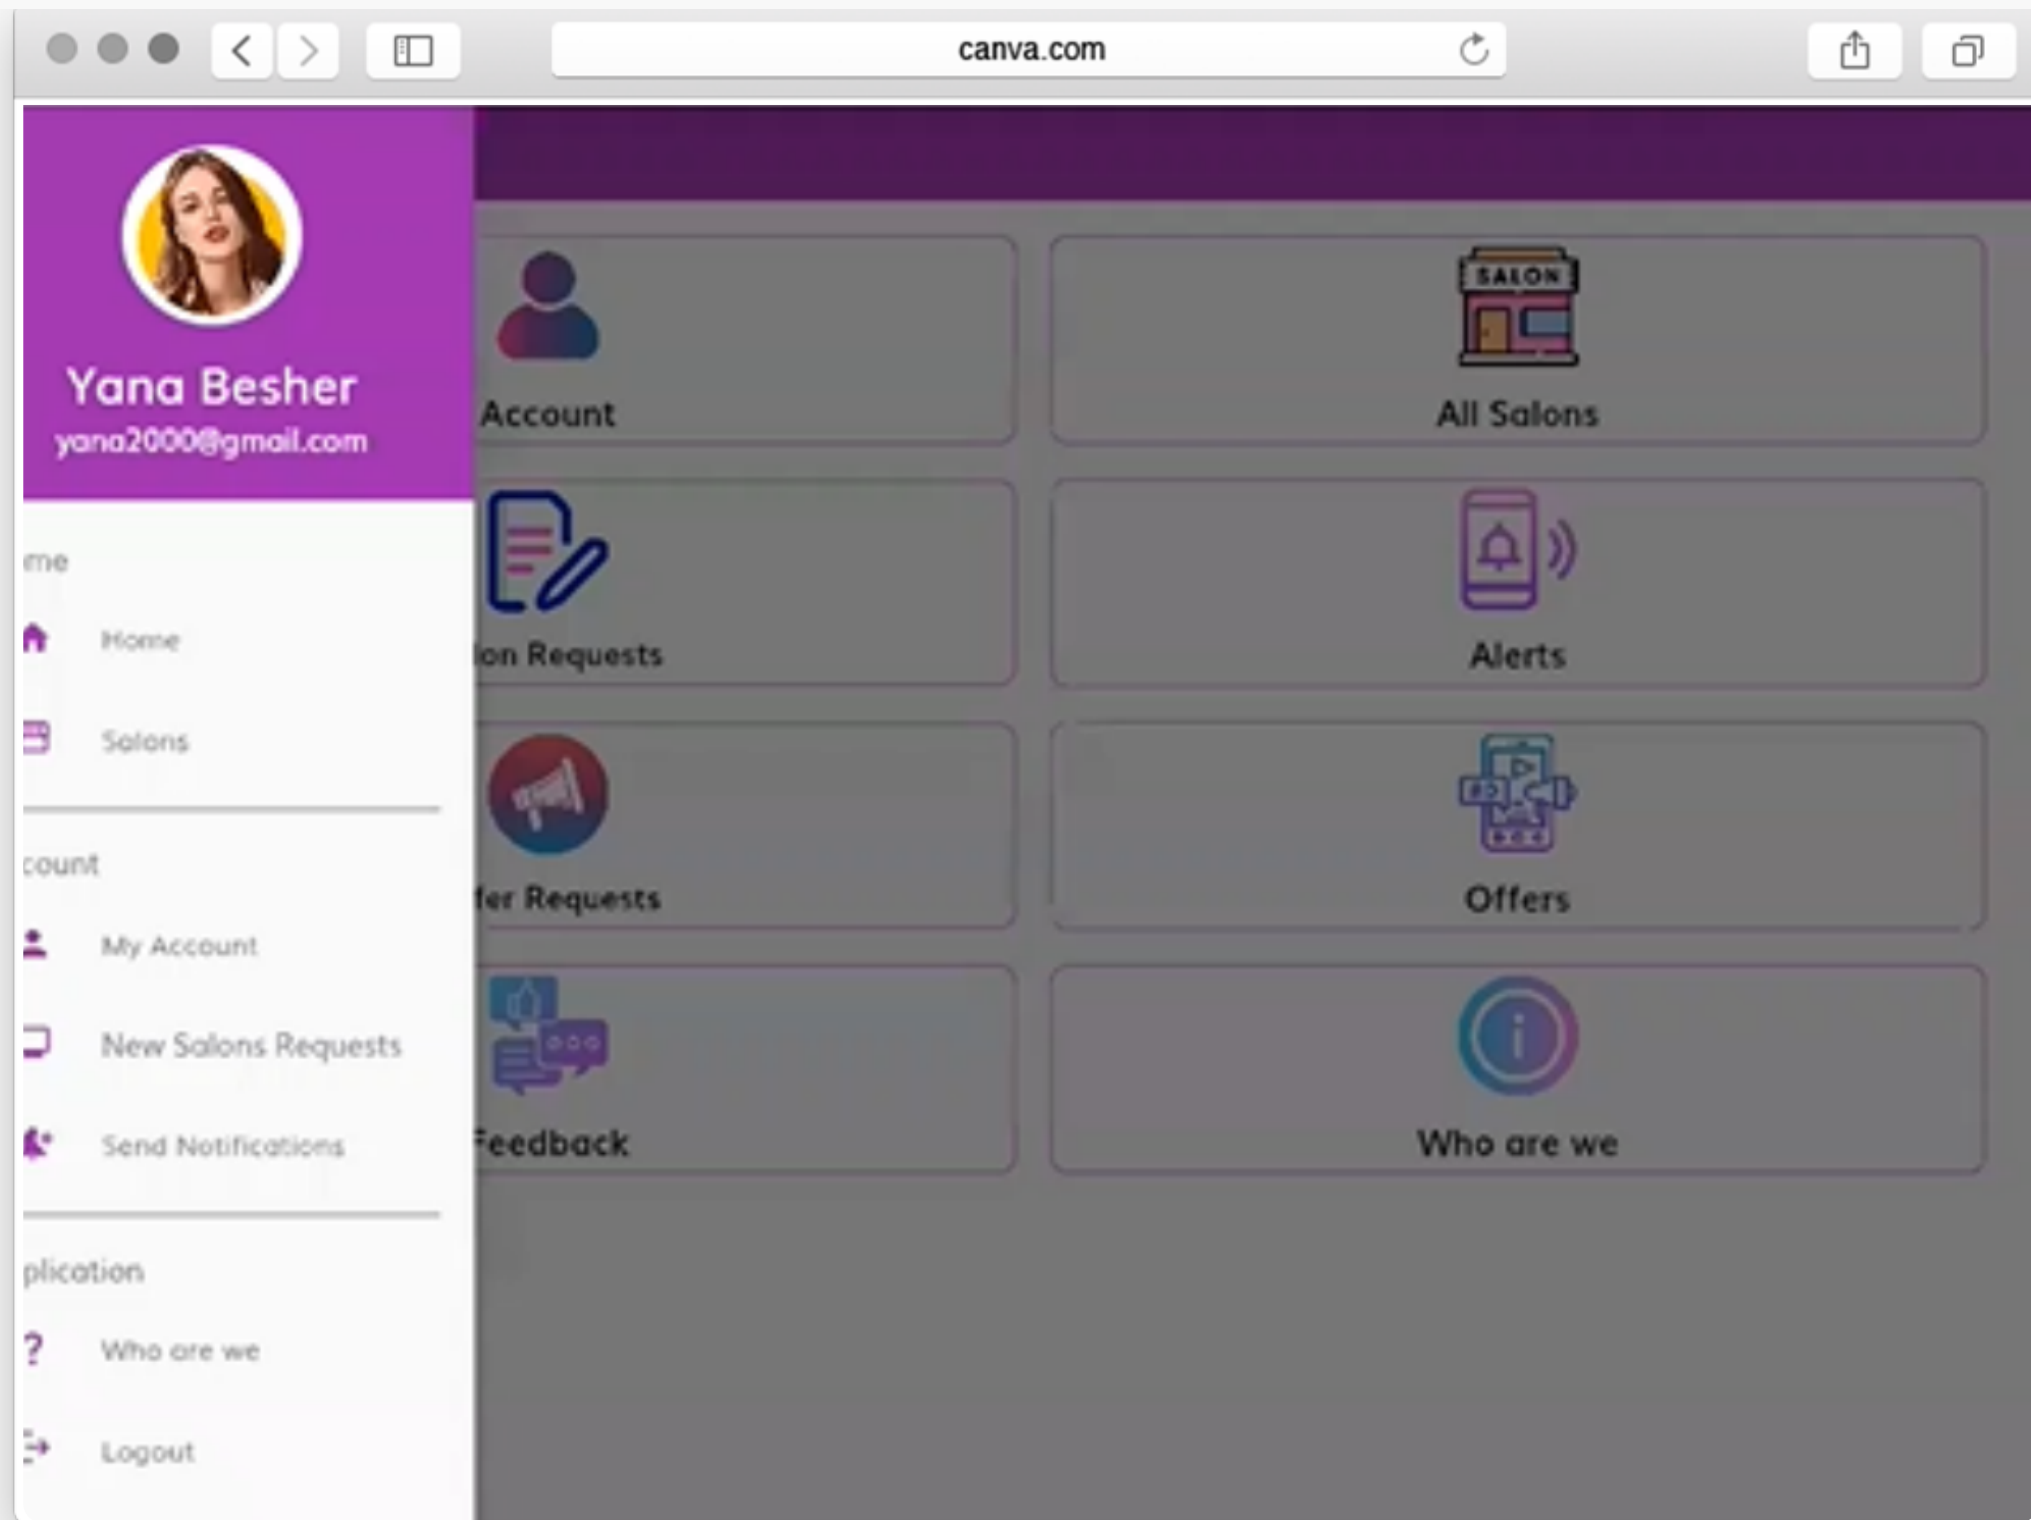

# Purple is a good app for salon booking

## BUT WHY IT IS THAT?

There is various reasons, we will talk about them next pages

Customers cannot find or may not be aware of nearby salons.

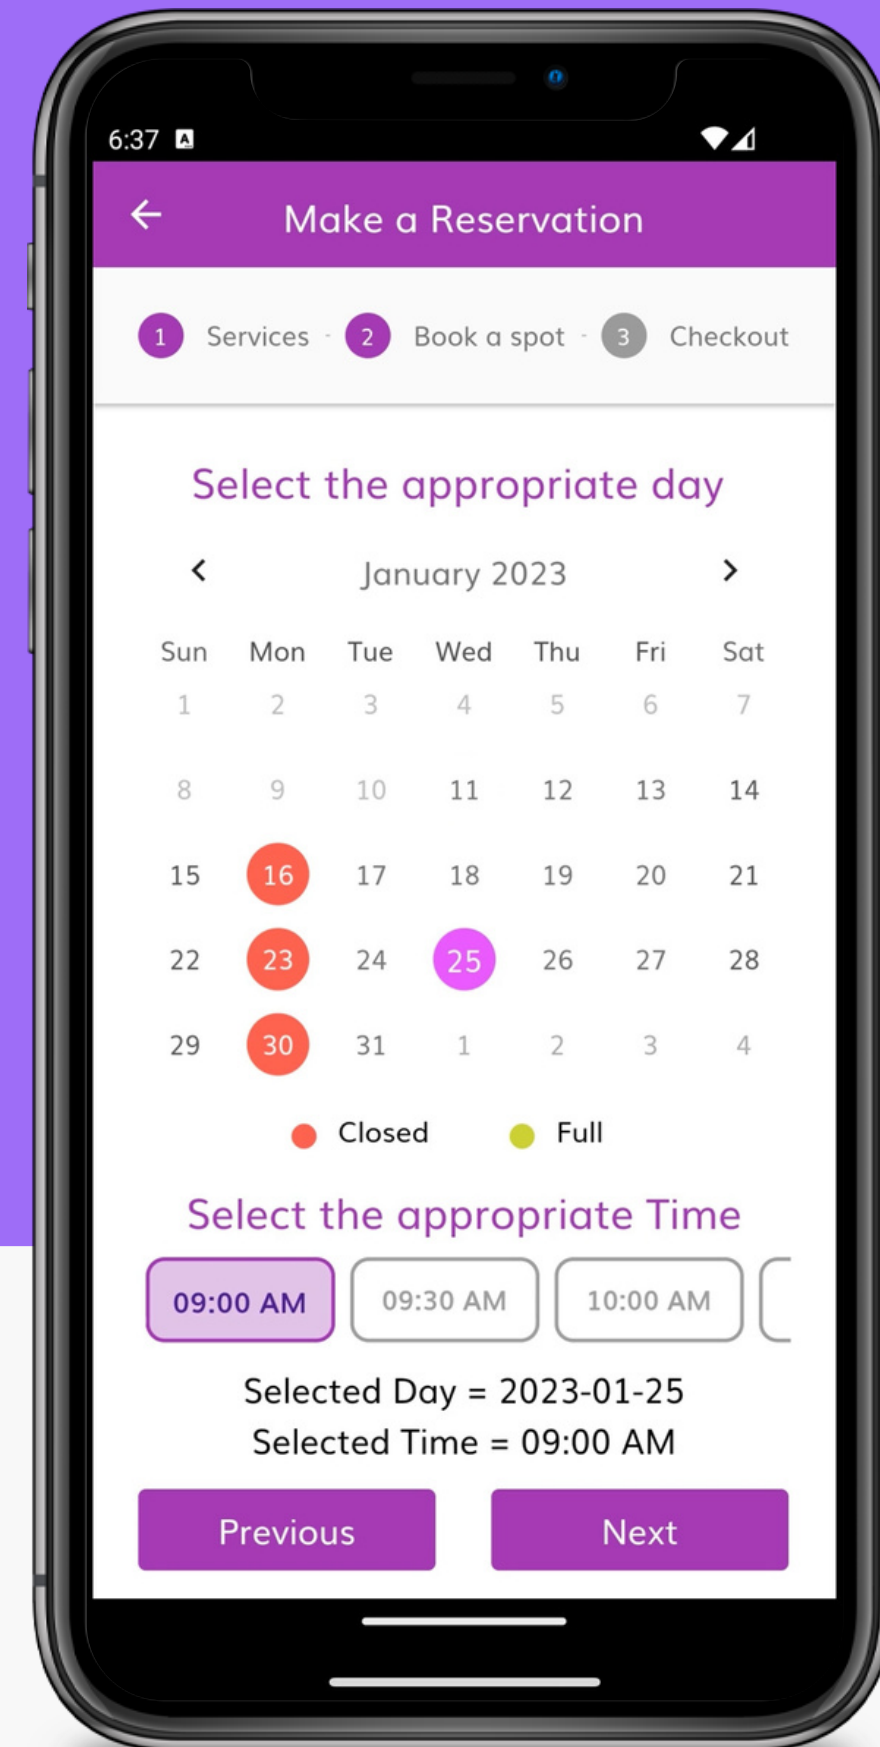

SO THROW THE APP THEY CAN SEE ALL OF THE NEARBY SALONS IN THERE CITES

The services each salon provides may be different. There is no way to know them.

# ONLINE BOOKING IS FASTER

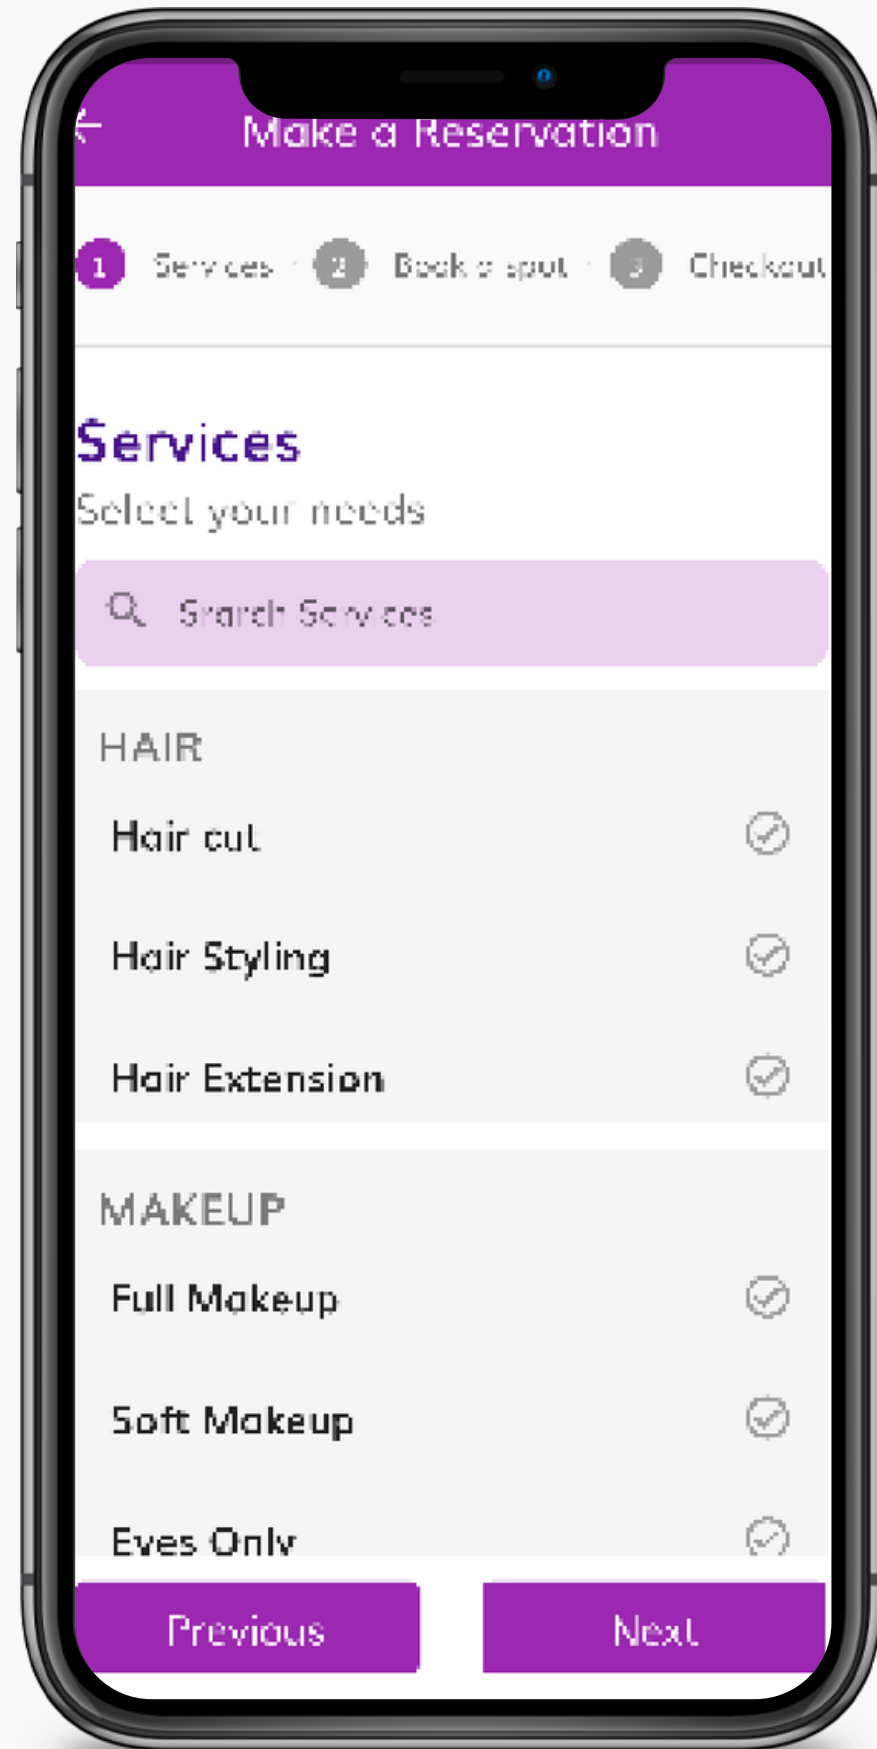

It saves time , because there is no need to wait in long turns and waste your time.

# NO NEED TO TRACK APPOINTMENT VIA PHONE CALLS AND E-MAILS

Just book via the app !

# Know about the services before go to the salon

The pricing of each service may vary according to the salon. The customer cannot find or know them before reaching the salon.

Provide Clients  
with  
Appointment  
Details

Reduce the  
Missed  
Appointments  
Frequency

# PROGRAMMING LANGUAGES

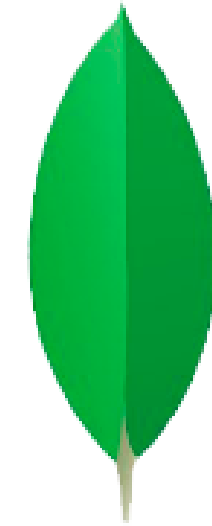

Flutter for the front end.

Node-JS for the backend.

# WHAT TOOLS WE USED IN OUR APPLICATION

- Mongo Data base
- Firebase System
- Visual Studio Code
- Android Studio
- Flutter 3.3.4
- Android Emulator

WHO

CAN

USE

OUR

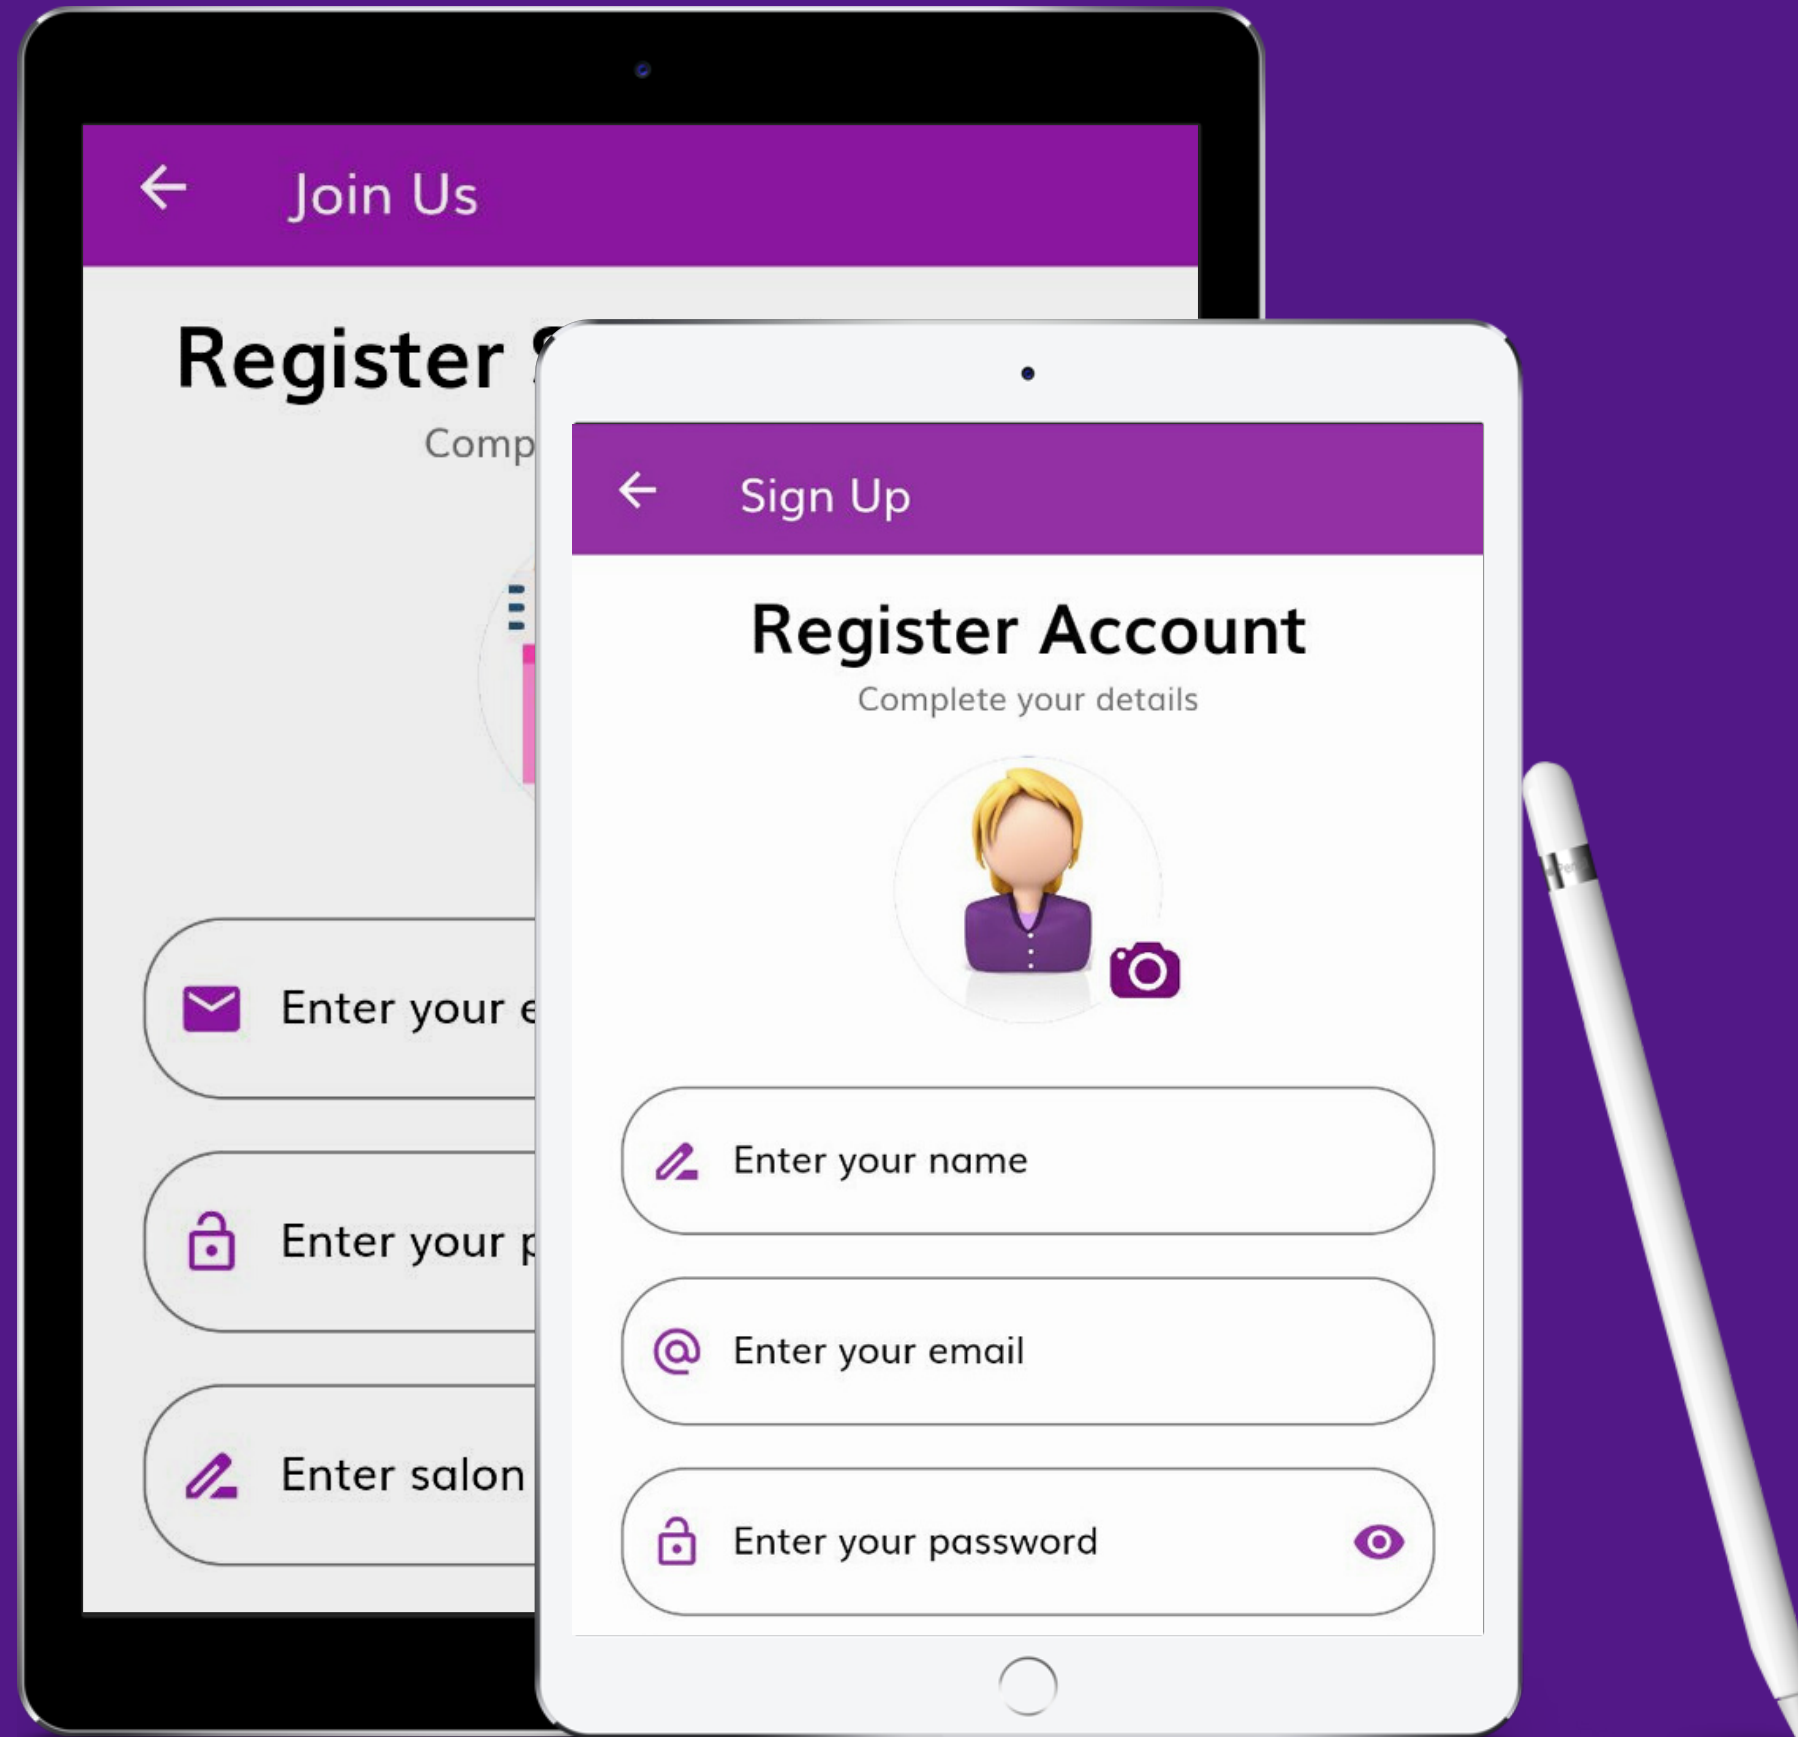

APP

The main Admin for Purple app

Admins of the salons

Normal Users (customers)

# WHAT USERS CAN DO IN THE APP

Sign in and Sign up

Book appointments

See all services and employees

Chatting with salons admin

# FUTURE WORK

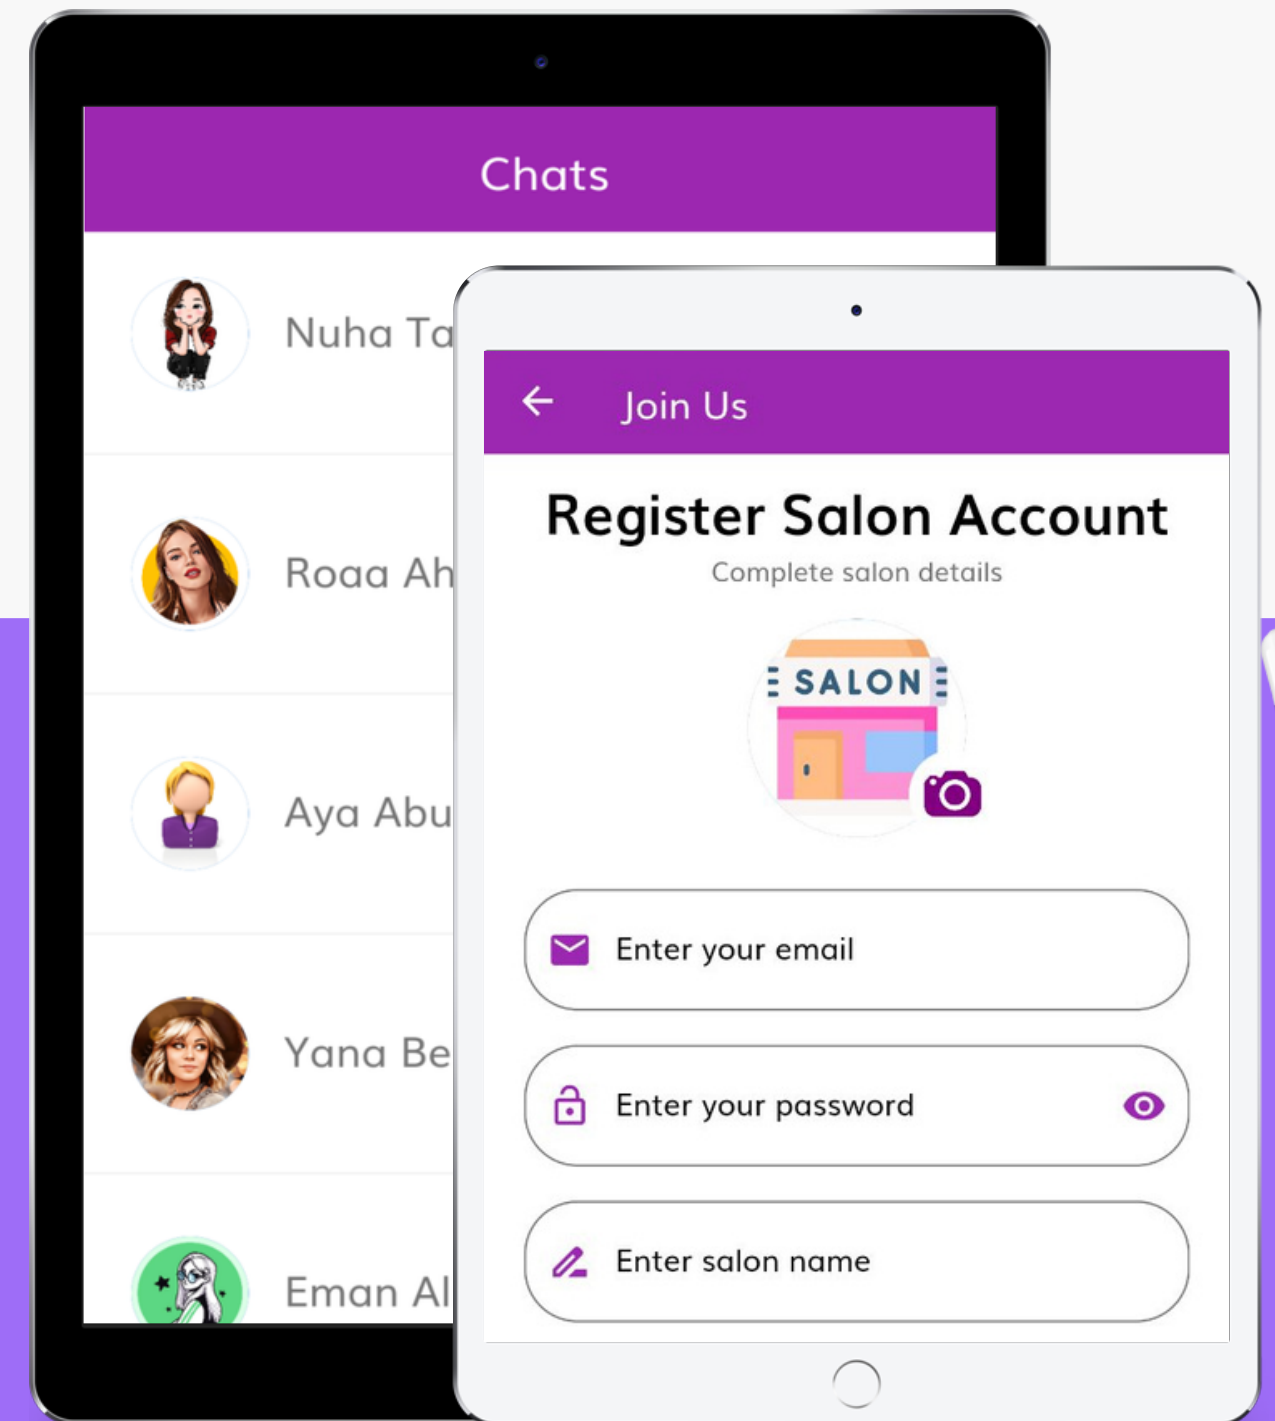

**IMPROVE THE APPLICATION BY MAKING  
ACCOUNTS FOR EMPLOYEES**

**ADDING PAYMENT VIA THE INTERNET IN  
THE FORM OF A DEPOSIT**

**ADD AN EXTRA FEATURE WHERE THE USER  
CAN CALL THE SALON.**

# COCLUSION

ONLINE BOOKING IS A FASTER, EASIER WAY FOR CLIENTS AS WELL AS SALON BUSINESSES TO TAKE WORK AND MANAGE IT ACCORDING TO THEIR AVAILABILITY.
