CONCEPT

CONCEPT

Creating a Palestinian Olympic sports which of hosting Olympic Games and make international competitions three zones across the city are proposed with venues selected on the basis of existing and future urban development policies, legacy needs, long-term sport development and the use of the largest possible number of existing venues.

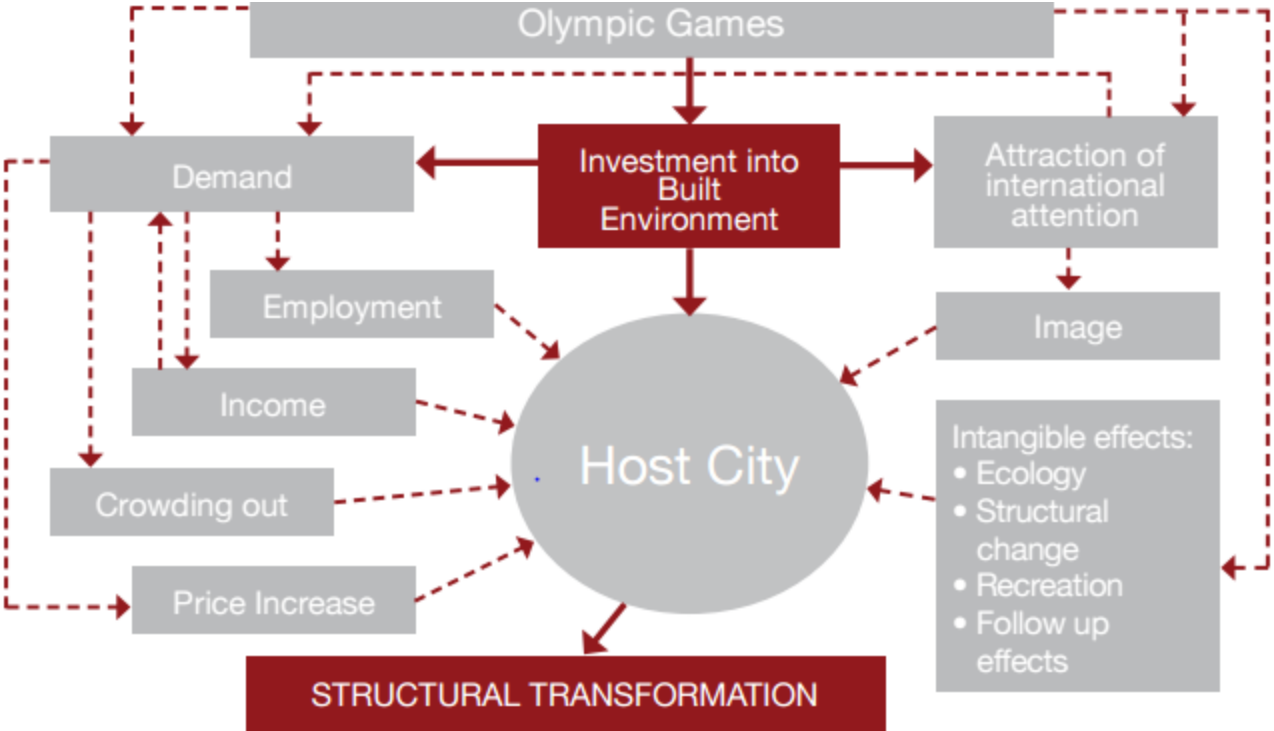

The Olympic village Zone, in the west of the city, would include the Completion Zone and Venues, the IBC/MPC (media village) .

The Forest Zone would involve the reclamation of industrial sites.

Impact of the Olympic Games at urban level

1. Physical impact
2. Socio-cultural impact
3. Political aspects
4. Economic effects of the Games

Classification of economic impacts of Olympic games
