(1986)

Higher education ought to encourage and enable the individual to turn his personal concerns into social issues, open to rational consideration and solution and to help him become a self educating man.

(Skillful)

(Capable and Cultivated man)

(Large Social Vision)

The idea of the University A village with its priests.

The idea of the Moderns University is A town industry town
Knowledge factory – produce skilled labor – Focuses on research
and discovery.

The idea of a multiversity is A city of infinite Variety

1. It is seen as service station.
2. It occupies a strategic positions.
3. It offers a vast range of choices and opportunities.
4. It uses professional knowledge.
5. It helps the learner to discover what is means to be a learned man.
6. It serves the society almost slavishly.
7. It looks far in to the past and far into the future.
8. It gives variety of roles to the faculty. The faculty is seen as:
 - Participating member of society
 - Center of national and world events.
